

Dear Students and Parents,

As a voice teacher I am passionate about providing an environment in which students can have fun while improving their breath support, tone quality, note accuracy, and vocal flexibility. These are formative years in vocal development and I believe that if we take care of the instrument, it can remain healthy for a lifetime.

I studied Vocal Performance and Choral Conducting at the University of Texas at Austin. I sang with the University Chorus, Chamber Singers and Austin Choral Union while in college and toured Europe with the Sonoran Desert Chorale from Arizona. I have directed many children and adult choirs throughout the years and for the last 6 years I owned and operated Lorelei Voice Studio in Massachusetts.

Student lessons are one half hour per week at the school district rate of \$15.00. I plan to teach at the school during your child's choir class. I accept cash, check or money order made payable to Ginger Catherwood. Payment should be made at the beginning of every month for a set number of lessons. Please contact me with 24 hours notice if the student will miss their lesson. Students will be charged for a lesson if no contact is made.

Please feel free to contact me with any questions.

Sincerely,
Mrs. Ginger Catherwood
