

Georgetown Partners in Education

501 (c) 3 non-profit organization

Press Release

Georgetown Partners in Education

Georgetown Partners in Education (PIE) is pleased to announce Dr. Bill Farney will lead the Education Foundation. The primary purpose of the Georgetown Education Foundation is to raise funds to support GISD students through the volunteer based programs of Partners in Education which include: Project Mentor, Helping Hand Tutoring, Business Link job shadowing, and Innovative Teaching Grants. In addition, the Georgetown Education Foundation provides an avenue for corporate entities to donate funds directly to GISD through PIE's 501 (c) 3 tax deduction status.

Kerry Oliver, current Chair of Georgetown Partners in Education, "We are privileged to have Dr. Farney take on this important endeavor. We are very confident in his ability to help our community and students in this manner". Dr. Farney brings over three decades of invaluable knowledge and experience in supporting youth as a prior classroom educator, school superintendent, and most recently retiring after thirty years serving the state of Texas with the University Interscholastic League, fourteen of those as the Executive Director.

Known as a "Giving" person and "Listener" of the needs of the schools and students, Dr. Farney has devoted his passion and career to serving Texas kids because he cares. His love for students and previous experience with UIL in awarding millions of dollars to youth will benefit the students of GISD and the programs of the Georgetown Partners in Education. We are honored to introduce Dr. Bill Farney as the Chair of the Education Foundation of Georgetown Partners in Education.
