

Mrs. Dieringer and Mrs. McClung's Class Newsletter

May 11-15

Vol. 4 Issue 6

Mrs. Dieringer

Reading/Language Arts:

This week we will begin typing the stories for our memory books. Please send back the interview questions that went home in eagle folders last week. This will be a special part of your child's book.

Social Studies:

We are finishing up our research for our Famous Texan. Please ask your child who they will be representing for our living history museum. They will have to dress as their Texan to present their information. The LIVE history museum will be Wednesday May 20th. See Eagle folder invitation for the times.

Thank you for all you do
to make us successful!

Important Dates

May 15: May Fest/"Music Expressions" @ 7pm (Bring a blanket, chairs, and picnic supper).

May 20: Living History Museum (Rm. 102) 8:45am and (Rm. 101) 1:45pm

May 21: Parent/Volunteer luncheon (everyone is welcome to come). At regular lunch time (11:45 am).

Mrs. McClung

Math:

We will continue to work in Chapter 14 on lessons 5-7. The students have been enjoying doing the number puzzles. They are finding out that Algebra is not a scary thing! **We will be having a test on Ch. 14 on Thursday , May 14.**

Science:

We will finish the stations that investigate states of matter. Volume, density, buoyancy, displacement, and properties will be the concepts that are taught through the investigations.

Next, towards the end of the week, the students will be interacting with a website at www.fossweb.com to review several of the science concepts that we have covered this year.
